Neuroscience Graduate Program

Dissertation Advisory Committee Meeting Summary and Progress Report

During the Committee Meeting, the student should present a summary of the progress as well as an outline of the studies that the student and research advisor anticipate will be included in the final dissertation. The IDP should be presented and elective classes that will promote current studies or future career goals should be discussed at the student’s option. The committee will give the student and advisor feedback and comments on what they consider necessary for successful completion of the dissertation research. The student may be excused at the beginning of the meeting to allow the Committee to confer with the advisor. At the end of the meeting, the advisor will be excused to allow the student to confer with the Committee.

The purpose of this form is to summarize and document the outcome of dissertation committee meetings (required at least annually). The student's advisor must complete the narrative section of the report within the week following each committee meeting. The student and the advisor must sign the report, and copies distributed by the student to the advisory committee, the Senior Director of Graduate Studies, and the Neuroscience Program Administrator.

COMPLETE THIS REPORT IMMEDIATELY AFTER YOUR MEETING

Student: ____________________________ Date: ____________________________

Advisor: ____________________________

Print Committee Members names (place a check next to committee member’s name if present at meeting and have member sign next to their name after meeting)
