

***BCDB Addendum to  
GDBBS Mentor Agreement Form***

By signing the GDBBS Mentor Assignment Agreement, the student and mentor agree to abide by all rules and regulations as outlined in the Graduate School Handbook, the GDBBS Policy Manual, and the Program Guidelines; exceptions must be documented in writing. The purpose of this form is to highlight some of the expectations that the BCDB Program has for its students and their mentors, especially during their first year in the research lab. It does not imply that any rules and regulations not mentioned may be ignored.

This agreement is required to formalize all Mentor assignments in the BCDB Program. Both Mentor and Student should initial all lines to indicate that they have read and understand each of the requirements.
