GMB Graduate Program
Dissertation Advisory Committee Meeting Summary and Progress Report

The purpose of this form is to summarize and document the outcome of dissertation committee meetings and is to be completed at the conclusion of the meeting. Dissertation committee meetings must occur at least twice every academic year starting in the third year. Students in their sixth year and beyond must have dissertation committee meetings at least every four months (fall, spring, and summer semesters). The student and the advisor must sign the report, and it must be distributed by the student to the Director of Graduate Studies (original), and the Program Administrator (copy).

The Committee Head should be selected before the first meeting by the student in consultation with the DGS. The Head is responsible for ensuring that a summary of the meeting’s proceedings is documented on this form and all pertinent GMB rules have been followed. See the GMB Handbook for a full description of the selection and duties of the Committee Head.

Note: At the beginning of the meeting, the Advisor will be excused for 5 minutes to give the student an opportunity to privately express concerns or alert the committee to emerging issues or timelines. At the end of the meeting, the Student will be excused to give the advisor an opportunity to privately raise issues relating to the mentoring relationship that they deem significant. Topics discussed in these 5-minute sessions remain strictly private and are not discussed in the meeting or added to the sections below. Significant issues should be communicated to the DGS by the Committee Head or Member in a timely manner.
