

IMP LABORATORY ROTATION SUMMARY REPORT COVER PAGE

As detailed in the IMP Student Handbook, at the end of each rotation, students should prepare a scientific report of their project. This report must be shared with & signed off on by the rotation mentor and the DGS and then submitted to the Program Administrator by the due date. The report must meet these parameters & be attached to this cover page.

- 5 page maximum
- Double spaced
- Figures in line or as an appendix
- Usual sections labeled & including Abstract, Intro, Methods, Results/Discussion
