Abstract:

Adequacy of experimental approaches:

References:

Oral Examination

Defense of proposition:

Knowledge of relevant background literature:

Presentation skills:

Ability to think logically when confronted:

Precision in responding to questions:

General comprehensive background:

Overall grade and recommendations if any:

PASS

CONDITIONAL PASS

FAIL

MMG Qualifying Examination Summary Form

Summary of comments and recommendations made by the committee and action plan for implementation

In this section, briefly summarize the comments and critiques made by the committee on the written proposal, oral defense, and areas of weakness or concern with respect to the experimental work and/or scholarly acumen. Provide a brief plan of action for steps to be taken in consultation with the PI should any areas of concern be identified. The student and PI will sign and date this summary, and the student will get members of the committee to endorse the plan by signing as well. The student is responsible for turning in this signed form to the Program Administrator along with the faculty comment/grade pages to formally complete the qualifying exam requirement. (Use additional pages if necessary.)
